## Who We Are...

The 25th Legislative District Democrats Organization represents Democrats living in Puyallup, South Hill, Edgewood, Midland, Summit, and parts of Fife. We meet on the first Thursday of the month, usually at the Puyallup Public Library. Detail info is available at our web site [www.25dems.org](http://www.25dems.org).

Our group is made up of community members who deeply care about the 25th District and who want the best for our district. We represent ourselves at many public events throughout the year, hoping to unify all Democrats in our district so we can move forward in making our community, county, state, country the best!

The 25th Legislative Democrats have many committees where you can become involved and stand up and be heard by your legislators, locally and nationally. We are a pro-active group who believe in an opportunity for ALL.

Please consider attending one of our meetings or contacting one of our officers to learn more about our organization and to get involved!
